This Month's Quiz

FIRST First Families

For every President but bachelor Buchanan there has been a "first family," but even HE had a first family – that is, the one that brought him into the world. Your job is to construct the first families of these Presidents as they were reported in the Censuses of their childhoods. Match each President (age at the time of the Census is given) to the collected information about the Head(s) of

Households, the children, and the state of residence.

This information was gathered using my access to search Census records using genealogybank.com. I found that six of the eight records have now been 'marked' ('defaced'??) to indicate the child/young man grew up to be a U.S. President. E.g., Thomas (Woodrow) Wilson:

Presidents/Ages

1. J. Calvin Coolidge, 7
2. Dwight D. Eisenhower, 19
3. Warren G. Harding, 14
4. Benjamin Harrison, 17
5. William McKinley, 7
