and Wales, Ireland, and Scotland. Spilsbury's wife, Sarah May took over his business after his death, later she remarried to Harry Ashby, who had been Spilsbury's apprentice.

Many different types of jigsaw puzzles exist today, but the main two types are 2 dimensional, and 3 dimensional. 3 dimensional jigsaw puzzles have very specific piece orders which allow the user to assemble the puzzle, unlike 2 dimensional puzzles which can start and end with any piece on the puzzle board.

A professional puzzle maker, Yuu Asaka, made a rectangular puzzle with 5 corner pieces, called Jigsaw Puzzle 23. Everyone at the competition for which he made the puzzle easily solved it, so for revenge, Asaka made Jigsaw Puzzle 19, a puzzle made entirely out of corner pieces.

# Status of Covid-19

The San Mateo County Health website (<https://www.smchealth.org/coronavirus-county-data-dashboard>) shows progress in the right direction!

As of April 21<sup>st</sup>, Foster City had 763 confirmed cases, very slightly up from March's 744. In the prior seven months the case counts had shown a steeper ascent. Feb '21 through Aug '20 counts were: 708, 646, 436, 174, 145, 122, and 67.

Our county stood at 41,013 cases, also up only a bit from March's 40,105. 38,674, 35,235, 23,681, 13,707, 11,341, 9,785, and 8,000 were the case counts in the months prior to March, 2021.
