This Month's Quiz

Feeling Good? Euphoric, Even?

We hope this month's issue finds, you, our Bowfin St. neighbors, in great health and good spirits. If you are, indeed, then see how good

you are at providing the consonants needed to complete these words that came up when I searched for synonyms and near-synonyms of "EUPHORIA". (One of these words seems like more like antonym than a synonym, IMHO.) As a hint, the numbers in parentheses represent the total of Scrabble® tile values of each word's missing consonant(s). Jump into our relaxing consonant pool if the puzzle gets you hot and bothered. 😊 Solve all eight of these and you'll no doubt find yourself on Cloud Nine!
