Status of Covid-19

The county's and Foster City's case counts climbed by 11.3% and 16.2%, respectively this month. Another 131 FC residents tested positive this month – a volume not seen since last January, when our city saw 210 additional cases. Not to be alarmist, but that new case volume represents a 555% increase from July's 20 new cases.
