This Month's Quiz

¿CUÁNTOS VESTIDOS ?

I took our daughter's suggestion to try out the language teaching software, DuoLingo a few months ago. With it, she had been improving her German quite markedly. I decided to try it with a language that I'd never before studied, Spanish. One set of words I've had no trouble with is the counting numbers. Given that this is September, each of the following words contains the 5 letters N,U,E,V,E – and some additional letters. From those transfer the appropriate circled letters to

COMING TO THE HILLBARN THEATRE

CLYBOURNE PARK

OCTOBER 13 - 30, 2022
Opening Night October 14th

Winner of both the Pulitzer Prize and the Tony Award for Best Play, *Clybourne Park* is a razor-sharp satire about the politics of race. In response to Lorraine Hansberry's *A Raisin in the Sun*, playwright Bruce Norris set up *Clybourne Park* as a pair of scenes that bookend Hansberry's piece.

These two scenes, fifty years apart, are both set in the same modest bungalow on Chicago's northwest side that features at the center of *A Raisin in the Sun*. The first scene takes place before and the second scene takes place after the events of *A Raisin in the Sun*. In 1959, Russ and Bev are moving out to the suburbs after the tragic death of their son. Inadvertently, they have sold their house to the neighborhood's first black family. Fifty years later in 2009, the roles are reversed when a young white couple buys the lot in what is now a predominantly black neighborhood, signaling a new wave of gentrification. In both instances, a community showdown takes place, pitting race against real estate with this home as the battleground.
